

REMARKS

Applicant thanks the Examiner for the indication of allowable subject matter. The changes to the claims presented above are clerical in nature and intended to address the objections raised by the Examiner.

Applicant respectfully submits that claim 1 is definite. In line 4, "information to be transmitted," is recited. Line 5 recites "the information to be transmitted." Therefore, it is clear from the claim that both of those limitations refer to the same information.

Claim 2 is clarified by including the phrase "to be transmitted" after the limitations regarding "continue information." Similar changes are made in claim 3 regarding the "new information."

Applicant believes this case is in condition for allowance. If the Examiner believes that any other changes may be necessary, Applicant's representative will be happy to discuss any issues regarding this application and can be contacted at the telephone number indicated below.

Respectfully submitted,

CARLSON, GASKEY & OLDS
